Website

The new Weymede website is now online. The refresh sees major changes to the site with a brand new logo, a fresh 21st century navigation style and many new images. As before the site is intended to promote the value of our unique environment to the outside world and to inform potential buyers (and maybe existing residents) what's so special about Weymede and what to expect when living here. Visit it at www.weymede.co.uk.

The Great Storm October 2013

Although meek in comparison to events a month later in the Philippines the storm of the 28th of October wreaked it's own havoc as these shots of a fallen tree outside HN19 attest. Amazingly, there was no serious damage, the tree was removed almost immediately and the massive chunk of displaced concrete replaced.

Weymede Events.

An early call to action.....

The kids of Weymede love to participate in events such as the Easter egg hunt and Weyday. Halloween in particular has become very popular with our kids inviting their friends to what all parents consider a safe environment.

The events of course do not organise themselves and it is here that Weymede needs your help. Will anyone willing to help with the organising events please mail: pr@weymede.co.uk Thank you!

2013 AGM and the new Management Team.

The 2013 AGM was held on the 28th of November, was extremely well attended and was, well.....lively! For a copy of the minutes send a mail to secretary@weymede.co.uk.

As reported by the outgoing Chair, 2013 was a challenging year and none of us need to be reminded of the flash points. The AGM saw vigorous discussion but more importantly the room was informed that lessons have been well learnt.

A brand new management team has been elected who are committed to installing protocols and procedures to ensure that the difficulties experienced in 2013 are not repeated.

The management team are after all, your neighbours!

Nag Nag Nag!!

This month's moan is far from new! Wheelie bins are being left out again beyond collection day. If you are going to be away after the bins have been emptied on a Monday with no neighbour to wheel the bin back to your garden then let a member of the committee know and one of us will do it for you. A few bins have been stored in the garden compound as they either have no house ID on them or the gates were locked.

Please do not door knock. All of the team are committed to rapid response and if necessary are happy to come and see you.
